

# PAVITHRA DHAYALAN

Aspiring Software Developer

## Contact

**Phone:** 9363273161

**Email:** miss.pavithradhayalan143@gmail.com

**Website:** www.linkedin.com/in/pavithra-dhayalan-021a44307

**Address:** No.11,kamarajar Street,kuriniipadi  
Cuddalore

## Education

- **BE- Computer Science Engineering**  
**2021-2025**  
MRK Institute of Technology,  
Kattumannarkoil, Anna University
- **Higher Secondary**  
**2020-2021**  
Govt.Girls.Hr.Sec.School  
Kurinjipadi
- **SSLC**  
**2018-2019**  
S.K.V.Hr.Sec.School  
Kurinjipadi

## Skill

- Python Programming
- C programming
- SQL Programming
- Figma
- Git Hub
- Excel
- Canva
- Javascript programming basic

## Certifications

- Introduction to Microsoft Excel
- Create a Promotional Video using Canva
- TCS iON Career Edge - Young professional

## Language

- Tamil
- English

## About Me

A highly motivated Python Developer with a strong foundation in Python programming, Python frameworks , and SQL for database management. Proficient in C programming, with problem-solving skills and a passion for software development. Seeking an entry-level opportunity to contribute to innovative projects and enhance technical expertise.

## Internship Experience

### TechnoHacks Edu Tech

Dec 2022 - Jan 2023

- Python programming, Python framework, SQL
- An online Python internship is a flexible learning opportunity designed for aspiring developers to gain hands-on experience in Python programming, frameworks, and related technologies.

## Projects

### Cursor Control Based Eyeball Movement Using Deep Learning

- Python programming
- The Cursor Control and Eyeball Movement project uses Python to track eye movements and control the cursor based on gaze direction.
- It leverages computer vision libraries like OpenCV and Dlib to detect and map eyeball motion in real-time.

### Creating E-Commerce website

- Mirror, Penpot, Figma
- Designing an eCommerce website using Figma allows you to create visually appealing and user-friendly interfaces with precision.
- From wireframes to high-fidelity prototypes, Figma's collaborative tools enable seamless teamwork and real-time feedback.

## Additional skill

- Effective communication
- Self motivated and eager learn new technologies
- Ability to work collaboratively in a team environments
- Strong problem solving and analytical skill

## Declaration

I hereby declare that the information provided above is true and correct to the best of my knowledge and belief.
